Fill-Air Elite™

Inflatable Packaging System

The Fast And Flexible Solution For Inflatable Packaging.

Auto-Replenishment Method

Batching Method

The Next Generation For Cost-Effective Void Fill

Fill-Air Elite™ ... The Fast, Flexible Packaging System

Increase Cushion Output For Multiple Workstations!

- **Compact And Versatile!**
Fits into any packaging area (single or multiple workstations).
- **Easy To Use!**
Quickly inflates cushions from a continuous roll of perforated film. Minimal training required.
- **Automated Inflation Process!**
Footswitch or photoeye signal guarantees a supply of cushions.
- **All Electric — Easy To Install!**
Just plug into a standard 110-Volt outlet to make inflated cushions. No shop air required.

- **Assured Customer Appeal!**
Clear inflatable cushions provide attractive packaging compared to other messy and bulky void fill materials.

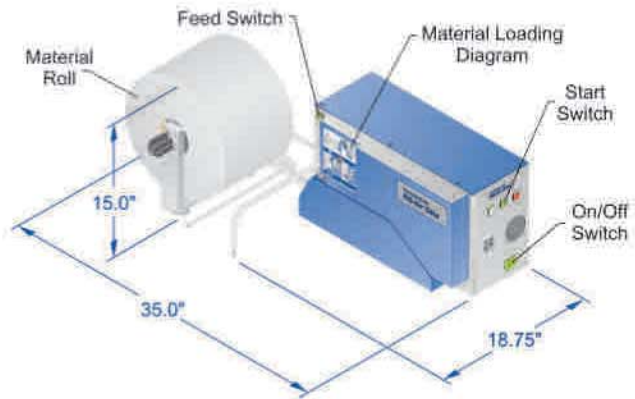

Easy 2-Step Roll Change!

- 1: Slide off empty roll, slide new roll of film onto mandrel and screw on end cap. Place the mandrel into the roll cradle.
- 2: Feed the edge of material into the system and push feed switch to begin the inflation process.

A Wide Selection Of Standard Cushion Sizes!

• Elite 200-5	8" x 5"	20cm x 13cm
• Elite 200-8	8" x 8"	20cm x 20cm
